How we can help

Regulation 6 of the workplace
(Health, Safety and Welfare) Regulations 1992 (UK)

Effective and suitable provision shall be made to ensure that every enclosed workplace is ventilated by a sufficient quantity of fresh or purified air.

Regulation 20
Sanitary conveniences

Suitable and sufficient sanitary conveniences shall be provided at readily accessible places.

WE CAN HELP

Traditionally, our most in-demand services for the public sector have included washroom maintenance, floorcare and safety services. Our experts continue to meet the needs of organisations in this sector with a wide range of products and services.

- Minimise the risk of slips and trips**
 - Slips and trips account for 41% of accidents at work, making them the most common type of workplace injury in the UK. **phs** is a leading supplier of matting and floorcare, and helps thousands of organisations to keep their office floors cleaner, drier and safer, reducing the risk of falls.
- Creating healthier environments**
 - We provide several products that help to reduce the spread of bacteria in small and large space areas. From air purifiers to surface sanitisers, we can help to create a healthier atmosphere in your building.

- Hygienic washrooms for staff**
 - Poorly maintained or unhygienic washroom facilities can have a detrimental effect on staff morale, and could potentially lead to increased sick days in your organisation through the spread of bacteria. Allow **phs** to take care of it – we'll ensure that your washrooms are hygienic and topped up with quality products.
- Legally compliant waste disposal**
 - We provide facilities for the storage and disposal of sanitary waste safely and with respect for the environment, whilst complying with all waste stream legislation.

The health, safety and care of employees should be at the heart of every organisation, and those working in public services are no exception. Squeezed budgets often mean that there's less to spend on looking after council workers, but with affordable solutions available, there's no need to overspend on employee wellbeing.

With over 50 years of experience in providing workplace services for both public and private sector organisations, **phs** is well equipped to help councils and public service providers in the UK. Our fully-accredited and highly trained staff can help you to find cost-effective solutions that promote efficiency and wellbeing in your office.

We work with **3,100** councils and public service providers throughout the UK, helping them to maintain a clean and welcoming environment for staff and clients.

Did you know?
By installing the right products, **phs** can help your workplace reduce water and energy bills, as well as reducing its environmental impact.

Healthcare, washroom and floorcare hygiene is our business. We stay on top of all the legislative developments affecting your industry to provide you with expert advice on what you need to do to ensure that your business is legally compliant.

Our professional service drivers provide a discreet and efficient service, calling ahead to check that our servicing times are convenient for your business. And, if any of your products or services need change, we're just a call away and have the flexibility to adapt to whatever is needed.

We're in every geographical area and because we're **Next door. Everywhere**, we are on hand to help wherever you are. And as a single supplier, meeting all your needs, we can help reduce your day-to-day administration commitment as well as your financial costs.

Our council building blueprint shows the most in-demand services that we currently provide to the public sector.

Adhere to legislation

We will ensure that safety and hygiene at your establishment is handled strictly in line with current legislation and according to best practice guidelines.
