

“ The Loo of the Year Award is testament to the hard work we’ve put into developing the hotel and also to the services offered by the suppliers with whom we work, including **phs**. We’re delighted that **phs** are able to offer us the back-up we need, especially given that we are in such a seemingly remote location. **phs**’s ability to deliver on a genuinely national basis is incredibly important to us. ”

Owner, The Loch Ness Clansman Hotel

## How we can help

## Guidance for businesses, Food Standards Agency 2013

- Businesses serving food must:**
- ✔ Have an adequate number of washbasins, suitably located and used only for cleaning hands
  - ✔ Washbasins for cleaning hands must have hot and cold running water, soap and materials for hygienic drying

### WE CAN HELP

Traditionally, our most in-demand services for the hospitality sector have included washroom maintenance, floorcare and safety services. Our experts continue to meet the needs of organisations in this sector with a wide range of products and services.

#### Hygienic washrooms for customers

- Hotels or restaurants with poorly maintained washrooms don't just make a bad impression: food safety laws dictate that any premises serving food must have a sufficiently clean and suitable environment for customers to wash their hands. Allow **phs** to take care of it, ensuring that your washrooms are clean and topped up with the right products.

#### Creating healthier environments

- **phs** can help to create a healthier atmosphere in your building. We provide air purification products that help to prevent and eliminate bad odour, particularly in problematic areas such as hotel bedrooms.

#### Safety first

- The people who visit your restaurant will understandably assume that your premises is compliant with all relevant health and safety legislation. If you're not sure whether this is the case, **phs** can help to ensure that everything's up to scratch, providing expert guidance on what your business needs.

#### Keep floors clean and hazard-free

- We can help to keep the floors in your hotel or restaurant clean, dry and safe with our range of matting and floorcare solutions. Our appropriately sized entrance mats capture substantial amounts of foot borne dirt, helping protect your floors and lower your cleaning costs.

Hotels and restaurants are responsible for providing a comfortable and enjoyable experience for the people who pay to stay or dine at their establishments.

While luxuries such as beautifully decorated rooms and extravagant dishes may help to make your customer's experience unforgettable, forgetting to take adequate care over basic health and safety precautions will make a hotel or restaurant visit memorable for all the wrong reasons.

At **phs**, we help over **3,300** hospitality businesses to maintain high levels of health and safety within their premises, complying with hygiene standards in order to continue delivering exceptional experiences to their customers.

**Did you know?**  
By installing the right products, **phs** can help your hotel or restaurant to reduce water and energy bills, as well as reducing your environmental impact.

**Healthcare, washroom and floorcare hygiene is our business.** We stay on top of all the legislative developments affecting your industry to provide you with expert advice on what you need to do to ensure that your business is legally compliant.

Our professional service drivers provide a discreet and efficient service, calling ahead to check that our servicing times are convenient for your business. And, if any of your products or services need change, we're just a call away and have the flexibility to adapt to whatever is needed.

We're in every geographical area and because we're **Next door. Everywhere**, we are on hand to help wherever you are. And as a single supplier, meeting all your needs, we can help reduce your day-to-day administration commitment as well as your financial costs.

**Our hotel blueprint shows the most in-demand services that we currently provide to the hospitality sector.**

### Adhere to legislation

We will ensure that safety and hygiene at your hotel or restaurant is handled strictly in line with current legislation and according to best practice guidelines.
