## > How we can help

## Section 2, Health and Safety at Work Act 1974

Employers have a duty to ensure the health, safety and welfare at work of all employees:

- ✔ Systems at work should be safe and without risks to health
- ✔ Businesses should co-operate in promoting and developing measures to ensure health and safety at work

### WE CAN HELP

Traditionally, our most in-demand services for the legal sector have included washroom maintenance, floorcare and safety services. Our experts continue to meet the needs of organisations in this sector with a wide range of products and services.

#### A cleaner, safer office

- In a busy office environment, wet or dirty floors can pose a significant hazard to employees – 90% of slips and trips in the workplace happen when a floor is wet. **phs** can help to reduce this risk by providing specially-designed absorbent mats, placed appropriately to capture dirt and moisture before it becomes an issue.

#### Remain legally compliant

- As a legal firm, you may already be aware of the consequences that failing to meet workplace standards can lead to. We can make compliance a stress-free affair, supplying everything your workplace needs to keep the authorities happy.

#### Keep washrooms hygienic and well-maintained

- Uncared for washrooms can have a detrimental effect on staff morale, as well as raising the risk of increased sick days due to poor hygiene. Our experienced service team will help to ensure that this never becomes an issue for your business, providing upkeep services and supplies to make your washrooms a clean and pleasant amenity for staff.

#### Make the right impression

- As well as making things better for you and your staff, a clean and presentable workplace will help to impress prospects and clients visiting your building. Whether it's a striking entrance mat emblazoned with your company logo or a pleasant scent in your washrooms, **phs** can provide a variety of solutions to make your office stand out from the crowd.

> As a professional service provider, maintaining the appropriate precautions for health and safety is a basic necessity for solicitors.

Legal expertise is understandably at the heart of your business, so ensuring that your own firm meets current legislation regarding hygiene will help to avoid embarrassing and costly slip-ups from happening within your workplace.

The highly trained and fully accredited team of experts at **phs** is on hand to serve all your workplace needs, with a wide range of bespoke services and products to suit solicitors firms of all shapes and sizes. By outsourcing health and safety services to our team, your staff will be able to focus on doing what they do best.

We work with over **80** legal practices in the UK, helping them to maintain a clean and welcoming environment for staff and clients.

**Did you know?** **phs** offers free site assessments and flexible contracts, meaning you'll only pay for the products and services that your business needs.

**Healthcare, washroom and floorcare hygiene is our business.** We stay on top of all the legislative developments affecting your industry to provide you with expert advice on what you need to do to ensure that your business is legally compliant.

Our professional service drivers provide a discreet and efficient service, calling ahead to check that our servicing times are convenient for your business. And, if any of your products or services need change, we're just a call away and have the flexibility to adapt to whatever is needed.

We're in every geographical area and because we're **Next door. Everywhere**, we are on hand to help wherever you are. And as a single supplier, meeting all your needs, we can help reduce your day-to-day administration commitment as well as your financial costs.

**Our solicitors' office blueprint shows the most in-demand services that we currently provide to the legal sector.**

### Adhere to legislation

We will ensure that safety and hygiene at your establishment is handled strictly in line with current legislation and according to best practice guidelines.
