How we can help

Section 2, Tattoo and body piercing guidance 2013

The risk of transmission of infection can be minimised by

- ✔ Good cleanliness of the premises where the tattooing and/or body piercing is taking place, and of the fixtures and fittings
- ✔ Good personal hygiene of the practitioners

WE CAN HELP

Traditionally, our most in-demand services for tattoo parlours have included hygiene supplies, washroom maintenance and floorcare. Our experts continue to meet the needs of organisations in this sector with a wide range of products and services.

Cleaner floors throughout your shop

- In a tattoo parlour, every aspect of the customer experience needs to reflect your high standards of cleanliness. Our moisture and dirt absorbing mats can help to keep the floors in your shop looking tidy, and also minimise the risk of slips or trips.

Maintain a reputation for quality

- The professional quality of your artists' work will undoubtedly be a factor in helping to attract customers to your tattoo parlour, but many clients will understandably be put off from being tattooed at your establishment unless the same attention to detail is reflected in your workspace. From air fresheners to hand sanitisers, **phs** products can help to show customers that you take their wellbeing seriously.

Prevent health risks with professional hygiene products

- All tattoo artists have a responsibility to ensure that they do not pose a danger to their clients by using unsanitary equipment. With industry-approved hygiene products including soap, paper towels, surface sanitiser and sharps boxes, **phs** can help to ensure that your customers are never exposed to health risks.

Functional, sanitary washrooms

- Customer toilets should reflect the high levels of hygiene found throughout the rest of your shop. Our fully-trained service teams can ensure that the washrooms in your tattoo parlour are properly maintained, replacing faulty fixtures and topping up consumables such as toilet paper and soap.

Hygiene is one of the main factors that clients consider when choosing a tattoo parlour. It is vital that any business offering tattooing services takes the appropriate hygiene precautions, in order to maintain a professional reputation and prevent health risks from affecting customers.

Improper hygiene measures in tattoo parlours can lead to the transmission of fatal diseases including hepatitis B, C and HIV. However, with the right systems in place, preventing and controlling infections needn't be expensive or time-consuming. We work with over **1,000** tattoo parlours throughout the UK, providing hygiene solutions to help businesses remain both safe and compliant.

Did you know?
More than 90,000 organisations rely on **phs** to provide affordable and convenient hygiene services.

Healthcare, washroom and floorcare hygiene is our business. We stay on top of all the legislative developments affecting your industry to provide you with expert advice on what you need to do to ensure that your business is legally compliant.

Our professional service drivers provide a discreet and efficient service, calling ahead to check that our servicing times are convenient for your business. And, if any of your products or services need change, we're just a call away and have the flexibility to adapt to whatever is needed.

We're in every geographical area and because we're **Next door. Everywhere**, we are on hand to help wherever you are. And as a single supplier, meeting all your needs, we can help reduce your day-to-day administration commitment as well as your financial costs.

Our tattoo parlour blueprint shows the most in-demand services that we currently provide to the body art sector.

Adhere to legislation

We will ensure that safety and hygiene at your establishment is handled strictly in line with current legislation and according to best practice guidelines.
