

Bulk pack **tissue dispenser**

➤ Providing optimum hygiene and convenience

Hygienic, efficient and cost effective, the bulk pack toilet tissue dispenser is ideal for even the narrowest of cubicles. Dispensing individual sheets of toilet tissue, this unit helps to reduce excessive paper use, reduces waste and helps to promote a more hygienic environment.

Practical

This dispenser offers a neat, compact toilet tissue solution, which is only 14cm in depth making it ideal for even the narrowest of washroom cubicles. By presenting a single sheet of tissue on each pull, the dispenser can help to reduce waste and overuse, whilst the lockable hinged cover prevents stock pilfering.

Hygienic

With single sheet dispensing, users only touch the sheets they use, making this a hygienic toilet tissue solution.

Contractual consumables

Our contractual consumable service takes the hassle away from having to regularly re-order and store stocks of washrooms consumables such as toilet paper. We automatically dispatch consumables to you on a regular basis, and with free dispensers and consumable prices fixed for 3 years, you can be sure you're getting a great deal.

Key features:

- Dispenses individual sheets of paper
- Interleaf paper is easy to access
- Ideal for all cubicles
