

> MALE INCONTINENCE BIN

Discreet. Dignified. Disposal.

The male incontinence bin from **pws** offers a discreet and hygienic disposal solution for incontinence waste.

This bin is suitable for the disposal of incontinence pads and shields, disposable pants and related incontinence products.

Men of all ages experience incontinence

By incorporating an incontinence bin into male washroom cubicles, businesses can ensure they're meeting the hygiene needs of employees and visitors. While also helping to reduce the stigma around male incontinence.

Fully-serviced

This bin is offered as part of a complete liner exchange service. **pws** will provide your business with an incontinence bin. Hygiene technicians will then return to empty and clean the bins at a frequency of your choosing.

Legally compliant

Waste collection from **pws** is fully licensed and compliant with all waste management regulations. A full auditable waste trail is provided.

KEY FEATURES

- No-touch operation to prevent the spread of germs between users
- Cleaned with Bio Sanitiser to combat 99.99% of bacteria
- Service agreement ensures waste is being correctly sorted and disposed of
- Wider opening and chute for easier disposal

Environmentally conscious

The bin is fully recycled at the end of its life.

SUPPORTING MEN AND THE ENVIRONMENT

Having a **phs** Male Incontinence Bin in your washroom is a significant gesture that extends beyond just supporting the campaign for men's health needs.

It's a statement of commitment to **environmental sustainability** and a step towards **washroom equality**.

18%

of men with urinary incontinence **have flushed products down the toilet**, risking blockages and environmental harm.

By choosing to facilitate these bins, you are aligning yourself with our commitment to diverting hygiene waste away from landfills and saving you money from potential maintenance and unblocking of toilets.

Thanks to our **LifeCycle Strategy** and our partnership with waste management company, Panda, we go the extra mile to ensure the waste we collect from our customers is diverted away from landfill and turned into an alternative fuel source.

DISCREET.

DIGNIFIED.

DISPOSAL.
