

> MALE INCONTINENCE BIN

Discreet. Dignified. Disposal.

The male incontinence bin from **phs** offers a discreet and hygienic disposal solution for incontinence waste.

This bin is suitable for the disposal of incontinence pads and shields, disposable pants and related incontinence products.

Men of all ages experience incontinence

By incorporating an incontinence bin into male washroom cubicles, businesses can ensure they're meeting the hygiene needs of employees and visitors. While also helping to reduce the stigma around male incontinence.

Fully-serviced

This bin is offered as part of a complete liner exchange service. **phs** will provide your business with an incontinence bin. Hygiene technicians will then return to empty and clean the bins at a frequency of your choosing.

KEY FEATURES

- No-touch operation to prevent the spread of germs between users
- Cleaned with Bio Sanitiser to combat 99.99% of bacteria
- Service agreement ensures waste is being correctly sorted and disposed of
- Wider opening and chute for easier disposal

Legally compliant

Waste collection from **phs** is fully licensed and compliant with all waste management regulations. A full auditable waste trail is provided.

Sustainable waste management

The unique **phs** LifeCycle strategy diverts customer waste away from landfill. It is instead taken to nearby energy recovery facilities, where it is turned into power for the local community to use. Providing a sustainable waste solution for your business.

RECOMMENDED ADD-ON

Incontinence Disposal Bags

Add an Incontinence Disposal Bag Dispenser into your washroom to assist with the hygienic transfer of products into the disposal unit.

Our incontinence bag dispensers provide a clean and hygienic experience for your customers, by preventing bodily fluids transferring on to the lid for the next user.

Installation

Adhesive backing for simple installation to avoid any damage to the walls or can be screwed on to the wall if needed.

Antimicrobial material moulded in to the dispenser creating a hygienic surface
